

Mullard

TRIODE HEXODE

TH22C

Heater

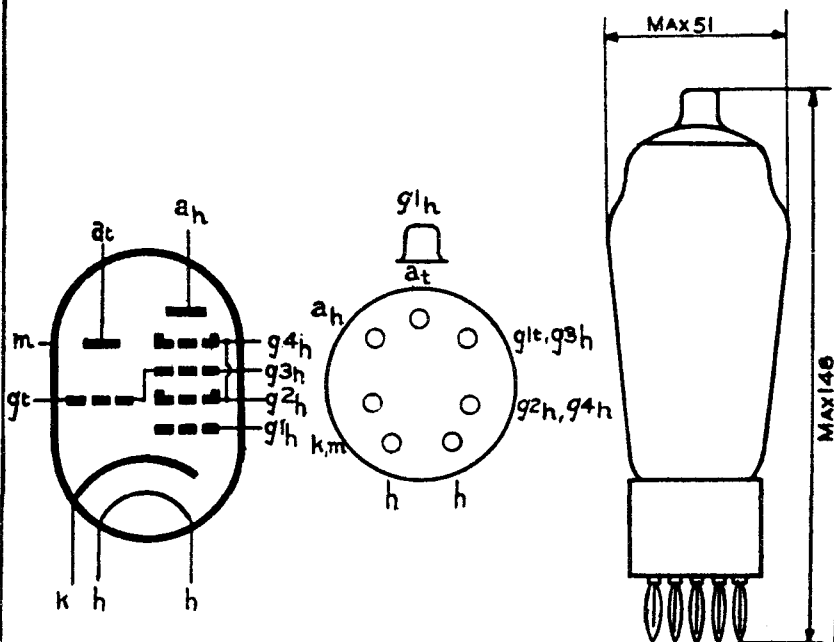

$V_f = 29 \text{ V}$
 $I_f = 0.2 \text{ A}$

Operating conditions..

$V_{fk} \dots\dots\dots 125 \text{ V}$

For characteristics, curves and operating data, see type TH4A. Except for Heater rating, the TH22C and TH4A are identical.

Arrangement of electrodes and base connections
